ABOUT GET OUT THE VOTE

In 1920, during The American Legion National Convention in Cleveland, the organization went on record urging all American Legion men to become qualified voters. Since then, the organization has passed countless similar resolutions advocating Legionnaires to not only exercise their constitutional responsibility to vote, but to also encourage others to do the same.

Elections are important to our republic. As citizens of this great nation, it is our duty and responsibility to exercise this right of franchise by casting our ballots on Election Day and to encourage others to do so as well. It was on this premise that The American Legion’s “Get Out the Vote” program was initiated shortly after the organization’s inception. Today it is as important as it was in elections past. The Legion's "Get Out the Vote" program encourages all Americans to register and vote in all elections. In addition, Legionnaires, posts, districts and departments are encouraged to fully involve themselves in the electoral process by serving as poll volunteers, poll workers and by encouraging and assisting others to register and vote.

All Legionnaires are encouraged to renew their commitment for continued service to this country by being politically active as individuals. By working together as an organization we can make a difference by promoting an informed populace, participation in our government, and involvement in its electoral process. We cannot forget that in this country, our government is “of the people, by the people and for the people.” It cannot survive as a democratic republic unless the people participate. That is our task. For more information, follow at https://www.legion.org/vote.

HOW TO WRITE A PROFESSIONAL EMAIL IN 5 STEPS

For most of us, email is the most common form of business communication so it’s important to get it right. Although emails usually aren’t as formal as letters, they still need to be professional to present a good image of you and your company. How to write a formal email:

Begin With a Greeting
Always open your email with a greeting, such as “Dear Lillian”. If your relationship with the reader is formal, use their family name (eg. “Dear Mrs. Price”). If the relationship is more casual, you can simply say, “Hi Kelly”. If you don’t know the name of the person you are writing to, use: “To whom it may concern” or “Dear Sir/Madam”.

Thank the Recipient
If you are replying to a client’s inquiry, you should begin with a line of thanks. For example, if someone has a question about your company, you can say, “Thank you for contacting ABC Company”. If someone has replied to one of your emails, be sure to say, “Thank you for your prompt reply” or “Thanks for getting back to me”. Thanking the reader puts him or her at ease, and it will make you appear more polite.

State Your Purpose
If you are starting the email communication, it may be impossible to include a line of thanks. Instead, begin by stating your purpose. For example, “I am writing to enquire about …” or “I am writing in reference to …”

Make your purpose clear early on in the email, and then move into the main text of your email. Remember, people want to read emails quickly, so keep your sentences short and clear. You’ll also need to pay careful attention to grammar, spelling and punctuation so that you present a professional image of yourself and your company.

Add Your Closing Remarks
Before you end your email, it’s polite to thank your reader one more time and add some polite closing remarks. You might start with “Thank you for your patience and cooperation” or “Thank you for your consideration” and then follow up with, “If you have any questions or concerns, don’t hesitate to let me know” and “I look forward to hearing from you”.

End With a Closing
The last step is to include an appropriate closing with your name. “Best regards”, “Sincerely”, and “Thank you” are all professional. Avoid closings such as “Best wishes” or “Cheers” unless you are good friends with the reader. Finally, before you hit the send button, review and spell check your email one more time to make sure it’s truly perfect!
FROM THE DEPT. ADJUTANT

We are starting to receive many calls about holding meetings at the Post & District Level. If you use common sense with face masks, if applicable, and social distancing (6ft), it can be done safely. Most of the Legion halls have the room to make this happen but please keep in mind that it is not a requirement to attend if you feel that you should not. There are currently many Posts holding meetings and some of the Districts are currently planning to start in the next few days following July 4.

The other question that many of you have called us on is how to survive financially during these times. What we have seen by many Posts that have reported to us, is that they have been successful in having takeout meals also known as curbside pickup within your community. If done properly, it limits the number of people in the building, and also requires less work keeping all areas sanitized. You prep the food and have all the containers ready, setup a table at the entrance with a mask & gloves and take the orders. Some of the Posts have taken it to a next level by using local advertisement as well as E-mails, Facebook and Twitter and doing pre sales in the process. We currently have 3 Posts with sales of 100/150 meals in 2 hours and even one Post that sold out a Lobster meal with 240 meals served. Note: some of these Posts are coming up with these ideas from the younger members that have recently joined.

So please be careful and start to think a little differently during these challenging times. If you should need more information, please contact the office at (207) 873-3229 or my cell (207) 754-6044.
